NEUTRAL TANDEM, INC STATEMENT OF CPNI COMPLIANCE PROCEDURES

The company does not share, sell, lease and otherwise provide CPNI to any of its affiliates, suppliers, vendors and any other third parties for the purposes of marketing any services. Sharing, selling, leasing or otherwise providing CPNI to any unrelated third parties is strictly prohibited by the company and the company has no plans to ever share this information with unrelated third parties, except upon the express written direction of a customer.

As permitted by the CPNI rules, Neutral Tandem, Inc. may use, disclose, and permit access to CPNI (1) to bill and collect for services rendered; (2) to protect rights or property of the company, other users or other carriers from unlawful use; (3) to provide any inbound telemarketing or administrative services for the duration of a call; (4) for the purpose of providing carrier premises equipment ("CPE") and protocol conversion; and (5) in order to provision inside wiring, maintenance and repair services.

The company maintains procedures to prevent employees from misusing any customer account information. Neutral Tandem, Inc. maintains an Employee Handbook that is reviewed with each employee and requires a signed employee acknowledgement of understanding of all rules and policies. An entire section of the handbook is devoted to Performance/Conduct and Discipline. Within that section, Business Ethics and Code of Conduct subsections address the sensitivity of CPNI and disciplinary action associated with a violation of policy. All employees are required to abide by the Employee Handbook, which requires employees to maintain the confidentiality of all information, including CPNI that is obtained as result of their employment by the company. Employees who violate the company's Code of Conduct will be subject to discipline, including termination without prior warning. Additionally, Neutral Tandem, Inc. executes two-way Non-Disclosure Agreements with all of its customers.

Neutral Tandem, Inc. only provides tandem switching and transport services to carrier customers; it therefore may use CPNI solely to market service to a customer for the same type of service to which it already subscribes. For instance, the company may use CPNI to market a higher capacity circuit to a customer who is over utilizing their current circuit.

Neutral Tandem, Inc. does not authorize the use of CPNI in any marketing campaigns, and therefore has not adopted opt-in or opt-out customer notification procedures for use of CPNI.

Respectfully submitted,

Clarken Junkanh
